

# ROD N REEL

## DRINKS MENU

### BEERS BREWED HERE

#### “GOLDFISH” 3.5% LAGER

Not quite done for the day? This mid strength lager will get you through.

Australian Pilsen malt gives the beer a bright and refreshing flavor, whilst Mittelfruh hops enhance the flavor without overwhelming your palate providing a gentle, delicate bitterness and a refined, complex aroma.

#### “HAZY SUMMER” 4.6% LAGER

Refined and refreshing! Woodburn was founded on the Cedar industry. Just like the woodcutters of yesteryear, this lager is strong and balanced. Sip on our Hazy Summer Lager in our beer garden while imagining that time when boats transported Cedar logs up and down the Richmond River.

#### “PICKLED PIRANHA” 5% PALE ALE

Have you seen our logo? It's hard to miss. The Piranha has been around the RodnReel for a long time and may even feature on Dan the publican's arm. We couldn't brew a beer without pickling the piranha!!! Just like its name, this beer is fun and is sure to make you smile.

Dry hopped for 24 hours with American Simcoe. This beer is great for people who enjoy a light Ale with a twist, especially those who like fruity, aromatic beers but still want something clean and refreshing.

#### “BABY PIRANHA” 3.5% PALE ALE

The baby brother of our Pickled Pale ale, this beer is the mid-strength version. Using Australian Maris Otter malt & flavored with Simcoe & Citra hops. This beer brings together rich malt profile with the juicy hop flavors of Simcoe and Citra.

The finish is clean, crisp and being a mid-strength beer, responsible!

#### “RICHMOND RIVER” 4% DARK ALE

Dark and brown, much like the Richmond River. This beer pays homage to the river that has brought us both smiles and tears. Like the river this beer is complex, rich malt derived from Maris Otter, Caramalt, and Chocolate malt combines to create a beer that's smooth, bready, and slightly sweet with layers of caramel, chocolate & coffee.

Enjoy this delicious dark ale, while contemplating the river and all it has been to us!

#### “GAP RD” 5.8% GOLDEN ALE

The first born from our brewery malarkey! The Gap Rd is a remarkable journey through a stunning stretch of Bundjalung country to a rugged and unforgiving coastline, treasured beaches and favorite camping spots

A well-rounded Ale that showcases both malty richness and hop complexity. This beer appeals to those who enjoy the journey, malt-forward backbone, rugged refreshing and flavorful.

#### “HEAVY HEFE” 5.7% HEFENWEIZEN

Not as frightening as it sounds! The Heavy Hefe, is a South German style wheat beer using straight wheat & Pilsen malts. Unlike our other more mainstream beers, which use either ale or lager yeast this Hefe is made using special Hefeweizen yeast.

Light and easy-drinking, complex yet approachable. Banana and clove are the stars, but the underlying malt sweetness and gentle bitterness from the hops provide a harmonious balance.

### COCKTAILS

#### MARTINI

ESPRESSO  
Coffee, Kahlua, Vodka, Sugar Syrup

PEANUT BUTTER  
Peanut Butter Whiskey, Baileys, Coffee, Sugar Syrup
